BIOVAC[™] Closed Wound Drainage Systems

BIOVAC[™]

100cc SILICONE EVACUATOR

Wound drainage plays a vital role in the process of post-surgical wound healing. offers Biometrix evacuators and drains designed to enhance drainage performance and facilitate wound and infection reduction. healing Biovac[™] – Biometrix's complete closed wound drainage systems - consist of closed, flat, and fluted drain systems, suitable for the various types of surgical procedures.

Biometrix's Biovac 100cc evacuator is a closed drainage system, intended for procedures of a smaller capacity such as hand surgery, plastic surgery, neurosurgery and minimal postsurgical bleeding procedures.

- Portable and ergonomic; simple and easy to carry, or hang on bed.
- Non-reflux return valve for eliminating the risk of blood secretion reflux.

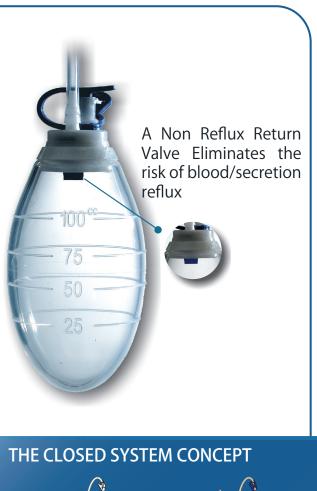

PORTABLE AND ERGONOMIC

Easy to hang and carry

CLOSED SYSTEM ADVANTAGES:

- Complies with OSHA (occupational safety and health administration) regulations and CDC (center for disease control) guidelines.
- Designed to protect blood born pathogens, especially in postoperative management of surgical drainage systems.

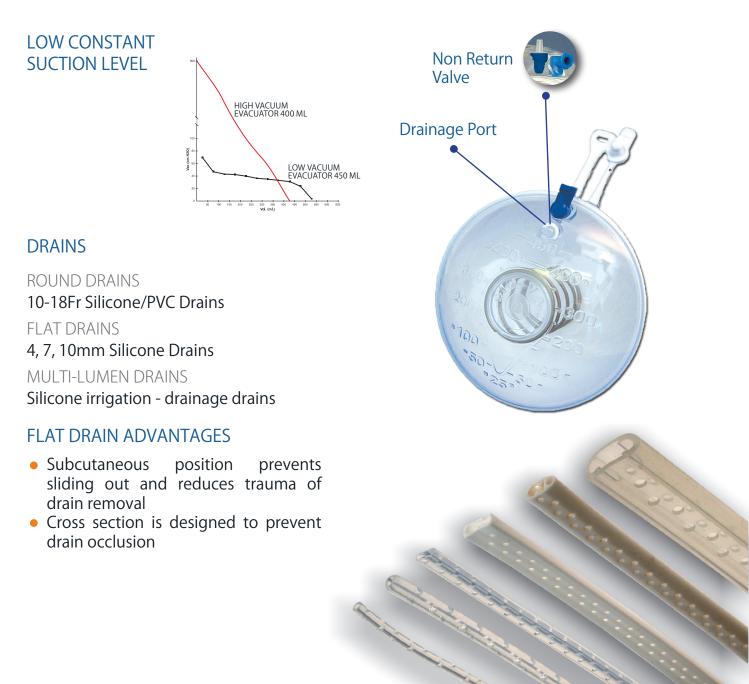

- Applicable also for the 100cc Silicone Evacuator.
- 800cc bag contains primary reservoir of 140cc for better fluid measurement.

Biometrix's 450cc evacuator is a flat drainage system intended for procedures of larger capacity such as femoral fracture, hip joints, knee joints, extremity amputations, colon/rectum surgery, spine surgery, prostatectomy, mastectomy, and all other high bleeding procedures.

- Low constant suction level reduces tissue damage and prevents accumulation of excess fluid, thus facilitating wound healing
- Non-return valve for eliminating the risk of blood/secretion reflux
- Enables parallel drainage from two different sites of the wound

BIOVAC[™]

FLUTED SILICONE DRAINS

PRODUCT BENEFITS

- Open channels for increasing flow rate and minimizing blood clotting.
- 100% silicone drain provides tensile strength and flexibility
- Increased comfort for the patient.
- Improved contact with affected tissues.

Biometrix's fluted drain system available in flat and round profiles:

Round Profile

SUITABLE FOR

- Plastic Surgery
- Head & Neck Surgery
- Cardio & Thoracic Surgery
- General Surgery
- Orthopedic Surgery
- Gynecology
